

It's gonna be a great Summer series this year. From June 7th to August 9th we are exploring God's power through scientific exploration! Join us for dinner, experiments, devotional thoughts, and more this summer- and help to make it all happen! We would love to see folks take a week to study and present YOUR favorite marvels of creation. We have suggested outlines for each week's study and lots of resources for you to use! See Becca, Bob, or Nancy for details and sign up at the foyer table.
